EDUCATION

Seoul National University

M.S. & Ph.D. Student in Aerospace Engineering
Advisor: H. Jin Kim

Seoul, Korea

Mar. 2026 – Present

Korea University

B.S in Mechanical Engineering

Seoul, Korea

Mar. 2020 – Feb 2026

PUBLICATION (*: equal contribution; †: equal advising)

1. Jusuk Lee*, Sungha Kim*, Yeonsoo Park*, **Jonguk Cheon**, Yoonkyo Jung, Yongjun You, H. Jin Kim, Jia-Bin Huang, Furong Huang, Youngseok Jang†, Seungjae Lee†

Dex-One2Many: Learning Dexterous Manipulation from a Single Human Demonstration

Preprint (arXiv:2610.12470)

PROJECTS

Intelligent Robot Navigation with Efficient LLM Interaction, Long-Term Consistency, and Location-Specific Expertise

Researcher, Samsung Electronics, SNU

Development of AI tank crews based on deep reinforcement learning

Researcher, Agency for Defense Development, SNU

SCHOLARSHIPS

Academic Excellence Scholarship, Korea University | Spring 2025 Semester

2025

Academic Excellence Scholarship, Korea University | Fall 2024 Semester

2024

Veritas Program Scholarship | KU Makerspace Manager

2024

AWARDS

Best Collaboration Award, IDEEA Forum | Team Leader

2024

Excellence Award, Korea University Makeathon | Team Leader

2024

Best Performance Award, Capstone Design Competition, Korea University | Team Leader

2024

EXPERIENCES

AidAll Inc.

Research Intern

Developed BEDIVERE, a navigation robot for visually impaired users

2025

Seoul, Korea

Korea University Makerspace

Manager

Trained users on 3D printers and laser cutters and supported daily makerspace operations

2024

Korea University

Korea University Swimming Team

Vice President & Training Manager (2023)

Coordinated team activities and swimming training

2020 – 2026

Korea University

Armed Forces Medical Command, Republic of Korea Army
